Come on

Come on

Come on

Come on

When life's got your goat now

By his tail and by his goat throat

Lighten up and gather

All those cares, all your snares

'Cause who really cares

'Cause who really cares

Take aim and cast ?em

Straight at the sail

Take time to blast ?em

By nailing all of your

Books of punch lists

Onto these trees exists

The unchecking of lists

Blowing up and sinking

And breaking at the seams

Our streamline of activities

Surely brings many things

Relation spoiling
And plans they're haunting
Take aim and cast 'em
Straight at the sail
Take time to blast 'em
And you can all tell them
That you are not lead
By worry, fear or dread
By waking up the dead
So look alive
Wake up and ride on
Thrive on the downsize
Our yokes are ease
And cares a breeze
Our enemies
Our hands they feed
'Cause what controls me
Is what is killing
Me through the day
Our plans we lay
What's papa say
Destroy gods and devils
And fine statues of men
But don't throw these in the air
Or in the sea, let them be

Thrown at the setting sail
Of sweet victory
Take aim and cast ?em
Straight at the sail
Take time to blast ?em
By nailing all of your
Instant gratis gains
Complaints of their bird brains
Remains of your disdain
So look alive
Wake up and ride on
Thrive on the downsize
Our yokes are ease
And cares a breeze
Our enemies
Our hands they feed
'Cause what controls me
Is what is killing
Me through the day
Our plans we lay
What's papa say
So look alive
Wake up and ride on
Thrive on the downsize
Our yokes are ease
And cares a breeze

Our enemies

Our hands they feed

'Cause what controls me

Is what is killing

Me through the day

Our plans we lay

What's papa say
