Blessed by the unlord I m as i enjoy this moment given,
when my limb hard
And hot penetrate these hard cold apertures. Form
these putrefacted in which
My crapulent seed....
Is processing since my baphometric rapture....
I wait for the night to glut my profanations that i need
untill once again
I'll disturbed by the holy sun !
As my excitations are rulin' my senses, I exhume a
fresh corpse and unsew
Her eyes. then she will saw who's her processer....
Her rigidity, makes be break some of her members...
As I have to put in the right position for my penetration
! Yyyeeeeessss !
My cock ploughed her arse when i scream the name of
our master
Her theeth i must broke to let her dead mouth suck me
in all of my
Satisfaction...
Her eyes explode when my cock perforate them and
then...
A strange sticky substance is running free all over her
body
It seems to be a mi of blood and matter, but.....NO
She seems to be alive again possessed by unholy
desire!

Oooooohhhh ! satan what a joy i felt at my ejaculation on
the body of sister
Ann.
Nichols died in the love of god ! thos is not only a
superstition...
But the reality of my postmortem penetrations....

When the fate of the human race as arrive, a dark
shadow will burn the
Shadow of these tombs and my dark subconscious know
a storming thunder fires
Will break out, that sister aan nichols will return to suck
me again and

Again till i die in eternal blasphemy under the sign of
Koth !
When the earth will open wide to swallow the credulous
christians it'll be
Time for us to prepare the arrival of our father.
Satan summoned by the dead, will reign as the only
monarch on the mountains
Covered of bloody sacrificed angels !
In the devil-sign all christian temples must be
destroyed nothing will stand
In the way of our hordes at the sound of the millenium
black bells !
Run run you can simply hide yourselves you'll never
escape the almighty
Destroyer land of hell...

Near the trumpets of damnation played by the angels
of death soon you will
Be dead and then I will penetrate you ass in eternal
damnation. Na, Na, Na,
Na....
But not only yours, sister ann nichols too ! ! !
AAAAAAAAARRRRRRRRRRRRRRRRGGGGGGGGG ! ! !
AAAAAAAAAAAAAAAAARRRGGGGGGGGGGGHHHHHHHHHH
! ! !
AAAAAAAAARRRRRRGGGGGGGGGG ! ! !
AAAAAAAAARRRRRRGGGGGGGGGG ! ! !
