Fall in denial of  
I break, I give into myself  
Control, I break  
I cannot be saved again  
Before you take all that was to be mine  
Give in because everything you taught will become

Burned - in my mind  
Burned - redefined  
Burned - sterilized  
Burned - why?

Stain all the undeserved  
Deny, my insight has become  
Control, I break  
Suffocate inside me  
Before you take all that was to be mine  
Break it down cause everything you taught will become

Burned - in my mind  
Burned - redefined  
Burned - sterilized  
Burned - why?
