You are my love  
(You are my love)  
Place no one above  
(Place no one above)  
Just one simple touch  
(Just one simple touch)  
Nothing can compare  
(Nothing)

Lovin' in the way you make me feel  
So proud to know your love is real  
Feels good to have you for myself  
All that I need and no one else

You are my love  
(You are my love)  
Place no one above  
(Place no one above)  
Just one simple touch  
(Just one simple touch)  
Nothing can compare  
(Nothing)

Just like the sun shines after rain  
Boy you put joy where there was pain  
You took me high when I was low  
There when I had no where to go

You are my love  
(You are my love)  
Place no one above  
(Place no one above)  
Just one simple touch  
(Just one simple touch)  
Nothing can compare  
(Nothing can compare to you)

You got a hold of me  
Here's where you ought to be  
Boy you can run to me  
When ever you need  
I'm down with the

Way you wanna love me

You are my love  
(You are my love)  
Place no one above  
(Place no one above)  
Just one simple touch  
(One simple touch)  
Nothing can compare  
(Nothing can compare to you)

You are my love  
(You are my love, boy)  
Place no one above  
(Place no one above you)  
Just one simple touch  
(Just one simple touch)  
Nothing can compare

You are my love  
(You are my love, boy)  
Place no one above  
(Place no one above you)  
Just one simple touch  
(Just one simple touch)  
Nothing can compare  
(Nothing can compare to you)

You are my love  
(You)  
Place no one above  
(You)  
Just one simple touch  
(Just one simple touch)  
Nothing can compare  
(Nothing can compare to you)

You are my love  
(You are my loving, boy)  
Place no one above  
(I place no one above you)
