Play on, play on, play on, play on  
Play on, play on and on and on

Boy, what you do to me  
I can't conceive  
All I know is that I love you  
But I've got to leave

Boy, what did I ever do  
To make you do the things you do?  
Drop the 4-1-1 for me  
Here I am, boy, come and talk to me

I need to know what's going on with this love affair  
Sick and tired of playin' games, boy  
You're playin' with my heart  
What we had was so together now you've torn it all  
apart, so

Play on, play on, play on, play on  
Play on, play on and on and on

Boy, what you do to me  
I can't conceive  
All I know is that I love you  
But I've got to leave

So play on, play on, play on, play on  
Play on, play on and on and on

I thought that you were mine  
Gave you all my time  
Boy, you played me for a fool  
Now there's one thing left to do so play on

Boy, you should have told me  
That you had somebody else across town  
Oh, boy, instead I heard it from a friend of mine  
How could I be so blind?

You took my love for granted  
It's not the way I planned it

Oh boy, no explanations  
Don't wanna hear no more lies or some phoney alibis  
just

Play on, play on, play on, play on  
Play on, play on and on and on

Boy, what you do to me  
I can't conceive  
All I know is that I love you  
But I've got to leave

So play on, play on, play on, play on  
Play on, play on and on and on

I thought that you were mine  
Gave you all my time  
Boy, you played me for a fool  
Now there's one thing left to do so play on

Every night I wait for your love  
To come around, boy, I want you so bad  
Every day and night  
What's the use of crying, I'm tired of trying

Play on, play on, play on, play on  
Play on, play on and on and on

I thought that you were mine  
Gave you all my time  
Boy, you played me for a fool  
Now there's one thing left to do, so

Play on, play on, play on, play on  
Play on, play on and on and on

Boy, what you do to me  
I can't conceive  
All I know is that I love you  
But I've got to leave
