I'm telling you straight up
I'm loving him
I'm telling you straight up
I think about him

Sitting here wondering how
How I'm gonna let you down
This love affair has lost it's touch somehow
Isn't it funny how some things could change
Don't mean to hurt you, boy
In him is where I found my joy, joy

A.M., I'm taking the red eye
Boy, separate ways is what I feel
It's time I let you know the real

I'm telling you straight up
I'm loving him
I'm telling you straight up
I think about him

I'm sorry for all the things I put you through
I didn't mean to waste your time
Just take a look and you will find
The smile is not the same
Baby, don't take it personal
Keep your head about it
This wasn't meant to confess, whoa

A.M. I'm taking the red eye
Boy, separate ways is what I feel
It's time I let you know the real

I'm telling you straight up
I'm loving him
I'm telling you straight up
I think about him

All I do
Is think about him
All I do
Is think about him

I'm telling you straight up
I'm loving him
I'm telling you straight up
I think about him
