I am the eye in the sky I can show you the way
I'll be your guide when you lost and can't find your way
Back home
I can take you there

I am the eye in the sky I can be anywhere
Calling you when you in need for somebody again
For you
Do you feel okay
Okay
Yea

And those few should wonder why we here at all
I will find the answer catch you if you fall
And those few should question what we living for
I'll chase you down that rabbit hole

I am the eye in the sky I can be anywhere
Calling you when you in need for somebody again
For you
Do you feel okay
Okay
Yea

And those few should wonder why we here at all
I will give an answer catch you if you fall
And those few should question what we living for
I'll chase you down that rabbit hole

You'll be the one who is wearing the crown over here
... no way they'll understand your way
And are you feeling okay
Okay
Yea, yea, yea
Yea, yea, yea
