

Sparklehorse "Little Fat Baby"

Visit "[Little Fat Baby](#)" on MotoLyrics.com

Did you save your wisdom teeth?
Did you burn your Christmas tree?

But he got dragged by a donkey
Through the dirt and the myrtle
But he was once a little fat baby

Did you lose your fatty in the bath?
Did you make the city slickers laugh?

He got dragged by a donkey
Through the glass and the myrtle
But he was once a little fat baby

Did you burn your wisdom teeth?
Did you save your Christmas tree?

He got dragged by a donkey
Through the switches and the myrtle
But he was once a little fat baby
