Don't look into the sun
It might just blind you
In time it makes you numb
How will I find you?

If I cannot see the one
That left me overcome
Might I find myself just another excuse?

If I wait 'til I have the words to say
Will they fall on her too late?
Will they find there way to her ear
Before there meaning starts to fade

Now I've set myself on fire
Who'll watch me burn?
Will it all come off inspired?
Or will no one show concern

It was all meant for the one
That left me overcome
Should we all stand to the side and catch fire?

If I wait 'til I have the words to say
Will they fall on her too late?
Will they find there way to her ear
Before there meaning starts to fade

If I wait 'til I have the words to say
Will they fall on her too late?
Will they find there way to her ear
Before there meaning starts to fade

Before there meaning starts to fade
Starts to fade

If I wait 'til I have the words to say
Will they fall on her too late?
Will they find there way to her ear
Before there meaning starts to fade

If I wait 'til I have the words to say
Will they fall on her too late?
Will they find there way to her ear
Before there meaning starts to fade
