Deceived by my eyes and all I was told I should see  
Opinions not mine, the person they taught me to be  
One night in the dark, a vision of someone I knew  
And in the darkness I saw, a voice say, I'm you.  
Inside me a light was turned on  
Then I was alive

If you close your eyes your life, a naked truth revealed  
Dreams you never dreamed, and scars never healed  
In the darkness, light will take you to the other side  
You'll find me waiting there  
You'll see if you just close your eyes

Hearts uninspired, trapped inside somebody's dream  
Too close to the fire, yet cold and numb with the pain  
But the fever has broken, and the river has run to the  
sea  
Washed to the ocean, and saved by a voice inside me.  
Inside me a light was turned on  
Then I was alive

If you close your eyes your life, a naked truth revealed  
Dreams you never dreamed, and scars never healed  
In the darkness, light will take you to the other side  
You'll find me waiting there  
You'll see if you just close your eyes

Never thought I would be here, so high in the air  
This was my unanswered prayer  
Defined by another, so much wasted time  
Out of the darkness, each breath that I take will be  
mine

If you close your eyes your life, a naked truth revealed  
Dreams you never dreamed, and scars never healed  
In the darkness, light will take you to the other side  
You'll find me waiting there  
You'll see if you just close your eyes
