My love is shining like the sun
The star that shines for only one
It's always for you, darling
Always for you

It shines as constant as that star
It's like the beating of my heart
It's always for you, darling
Always for you

I never knew that I could feel this way
I always thought I was too shy
I never let anyone get close to me
I've wasted so much time

I feel the warmth of loving you
It's there in everything I do
It's always for you, darling
Always for you

I never knew that I could feel this way
I always thought I was too shy
I never let anyone get close to me
I've wasted so much time

I feel the warmth of loving you
It's there in everything I do
It's always for you, darling
Always for you

It's always for you, darling
Always for you
