How can this be love,
if it makes us cry
How can this be love,
if it makes us cry

I thought love was every thing
I believed in all the good things
It would bring

But lately we have hurt each other bad
And I'm afraid to lose the loving
that we had

I tried to make it good
I did the best I could
woahooohoho

Chorus:
How can this be love,
if it makes us cry
How can this be love,
if it makes us cry

I ask my mama, what to do,
Is it just a passing thing,
we going through

She said " baby, don't be blue,
If you get through this, you know
your love is true".

We tried to make it good,
We did the best I could,
woooohooohoho

Chorus:
How can this be love,
if it makes us cry
How can this be love,
if it makes us cry

Break:

I tried to make it good
I did the best I could
We tried and tried,
We cried and cried
We did the best we could
How can this be love,
if it makes us cry,

who - ooh

How can this be love,
If it makes us cry,
woa - oh woa - ooh

How can this be love,
if it makes us cry

How can this be love,
if it makes us cry
tell- me- mama-
woa - oh

How can this be love,
if it makes us cry
woa- hoo- - hoo- oaw

How can this be love,
if it makes us cry

woa- - hoo- - hoo- oaw

How can this be love,
if it makes us cry
woa -

How can this be love,
if it makes us cry
