There's a girl I know
So far away from here
She's got a lover, she's got a friend
And she's got someone who's always near

One of them is me
Yeah, don't know who
One of them is me
And I don't know who
Oh look into my eyes
Tell me what you see
One of them is me
And I don't know who

She's got so many men
Who long to love her
To feel her body next to theirs
Or just to understand her

One of them is me
And I don't know who
One of them is me
And I don't know who
Oh look into my eyes
Tell me what you see
One of them is me
And I don't know who

Oh come to me sweet baby
I'm in love with you and I can't stop it now
You're a part of me
Oh save me, oh save me from you
What can I do

She loves a man
Who makes her feel lonely
She loves a man
Who makes her feel so guilty

One of them is me
And I don't know who
One of them is me

I don't know who
Oh look into my eyes
Tell me what you see
One of them is me
And I don't know who

Oh look into my eyes
Tell me what you see
One of them is me
And I don't know who
