You fell for me, I fell for you  
You think I'm great, I think you're good  
and that's enough to prove  
the point once more  
Everybody's stupid, that's for sure

(Oh yeah) Everybody's stupid, that's for sure  
(Oh yeah) Everybody's stupid, that's for sure  
(Oh yeah) Everybody's stupid, that's for sure  
Everybody's stupid, that's for sure

I light my filter, then reverse it  
And burn a mouth that's weak on verbs  
and nouns and nouns  
but I'm not sore  
Everybody's stupid, that's for sure  
(Oh yeah) Everybody's stupid, that's for sure  
(Oh yeah) Everybody's stupid, that's for sure  
(Oh yeah) Everybody's stupid, that's for sure  
Everybody's stupid, that's for sure

(repeat)

I traded you for Jean and Myra  
I traded them for the Mormon Choir  
Now I got some music and the Lord  
And I'm feeling dumber than before

(Oh yeah) Everybody's stupid, that's for sure  
(Oh yeah) Everybody's stupid, that's for sure  
(Oh yeah) Everybody's stupid, that's for sure  
Everybody's stupid, that's for sure
