(Jim Mankey, Ron Mael)

Just when sin is quite the thing, there's one  
who holds quite tight to what had worked before  
What's his outlet, what's his secret,  
is it something one can buy at some drug store?  
Could the gospel be his girl,  
Does he exercise by breaking 2 by 4's?

Just what is his game?  
Could he be enticed?  
No one's quite lame  
No one's quite nice

No more Mr. Nice Guys  
Few are left but him  
No more Mr. Nice Guys  
The Nice Guys cannot and the Nice Guys  
shall not, the Nice Guys will not win

She expressed a strong desire in relieving him of his  
anxiety  
She succeeded very well for now she's mother to a nice  
family  
If you had to call a winner you would call it her,  
though she might disagree

He could be enticed  
His game had to end  
But he's still quite nice  
She sees other men than him

No more Mr. Nice Guys  
Nice guys won't suffice  
No more Mr. Nice Guys  
The Nice Guys cannot and the Nice Guys  
Shall not, the Nice Guys won't suffice
