Pregnant
She got me pregnant
Done using me
I'm just a memory

You know how these girls can be they treat you all so
casually
They wine you and they dine you and expect a little la-
dee-dee
And then you learn that though she's several thousand
miles away
There is a part of her she's given you and now you
have to deal with being
Pregnant
She got me pregnant,
She got me pregnant
She got me pregnant
Done using me
I'm just a memory

Pregnant
She got me pregnant,
She got me pregnant
She got me pregnant
Done using me
I'm just a memory

You know how society is showing some sobriety
By letting individuals decide on how they get their
thrills
And if there is a consequence then you are left to deal
with it
Government will not be there to tell you what to do if
you get
Pregnant
She got me pregnant,
She got me pregnant
She got me pregnant
Done using me
I'm just a memory

Pregnant
She got me pregnant,
She got me pregnant
She got me pregnant
How can it be
Acted responsibly

I offer you I offer you a simple word of warning
Think it's never gonna happen to you, better, better,
better think again

Pregnant
She got me pregnant,
She got me pregnant
Done using me
I'm just a memory

Pregnant
She got me pregnant,
She got me pregnant
She got me pregnant
How can it be
Acted responsibly

A wham and bam and thank you sir is all that I would
get from her
I never should have given in I never should have given
her
The golden opportunity to love me and to leave me
Without giving me the time of day and she is half the
world away
I'm pregnant
She got me pregnant,
She got me pregnant
She got me pregnant
Done using me
I'm just a memory

Pregnant
She got me pregnant,
She got me pregnant
She got me pregnant
How can it be
Acted responsibly

Pregnant
She got me pregnant
Done using me
I'm just a memory
