Have I been treating you right pretty baby? I'd be better
if I wasn't so stoned
But now you're leaving me all on my own I swear I'll be
a better man
If you keep drinking that wine little darling you'll be
drunk before you know
When that other boy won't show any signs of a
gentleman

Be afraid
Darling I'm a hurricane
If you shipwreck your love
I will be all the blame

I dreamt last night I broke in your apartment and I tried
on all of your clothes
But I just can't get your shoes on my toes (can't get
your shoes on my toes)
So I'm dancing to your stereo
Well if that boy don't dance with you darling there will
be no romance ever starting
You'll be sitting all alone wishing I was all over you

Be afraid
Darling I'm a hurricane
If you shipwreck your love
I will be all the blame
Say my name
No just light it up in flames
If you're not in love then I don't want to play your
games
No I don't want to play

Come on come on what are you messing with (Come
on)
Come on come on what are you messing with (Come
on)
Come on come on

Be afraid
Darling I'm a hurricane

If you shipwreck your love
I will be all the blame Say my name
No just light it up in flames
If you're not in love then I don't want to play your
games
No I don't want to play your games
