We're just a gleam in lover's eyes, steam on sweaty
bodies in the night

One of us might make it through, the rest will
disappear like dew

Pressure building, gettin' hot, give it, give it, give it all
you got

When that love explosion comes, my, oh my, we want
to be someone

CHORUS

Tryouts for the human race, from Burlington to Bonn

Ah, we are a quarter billion strong

Tryouts for the human race, from twilight time 'til dawn

We just want to be someone

We're the future and the past, we're the only way
you're gonna last

We're just pawns in a funny game, tiny actors in the
oldest play

It's an angry sea we face, just to get the chance to join
the race

Gotta make it, gotta try, gotta get the chance to live
and die

CHORUS

We must, we must, we must leave fromere

We must, we must, we must, we must leave from here

Gotta make our play, gotta get away

Gotta make our play, gotta get away

Gotta make our play, gotta get away

Gotta make our play

Let us out of here, let us out of here, let us out of here

We just want to feel the sun and be your little daughter
or your son

We're just words that lovers use, words that light that
automatic fuse

When that love explosion comes, my, oh my, we want
to be someone

CHORUS
