I swear she's got the aces up her sleeve

Get me out, get me out of here
Won't stop 'till I'm in the clear
I swear she's got these aces up her sleeve
All I've got is this king of hearts
I could be taught, she'd use the cards
I played my hand way too quick
This scalpel is making me sick

Don't you dare hang up this conversation
When I spent hours just calling your telly
Do you think your friends keep secrets from me, from me?
(I saw you cheating in your dreams)
And if I could just get a second of sleep
(All the secrets I can't keep)
It's written on my arm and it says:

Get me out, get me out of here
Won't stop 'till I'm in the clear
I swear she's got these aces up her sleeve
All I've got is this king of hearts
I could be taught, she'd use the cards
I played my hand way too quick
This scalpel is making me sick

So clap your hands to the beat of this song
So we'll be falling in love (in love) before too long
So here's to the night you spilled your guts
And I drove home at 2 o'clock
Screaming the words to hurry up
You were the worst, forget me not
So now I'm just crashing in the sidewalks under bridges
Keeping every inch of my body under the leaves

Get me out, get me out of here
Won't stop 'till I'm in the clear
I swear she's got these aces up her sleeve
All I've got is this king of hearts
I could be taught, she'd use the cards

I played my hand way too quick
This scalpel is making me sick

But you are nothing in this bedroom
I have been you one hundred thousand times before

Tell me
(I have bet you one)
Where are you?
(Hundred thousand)
That's where there's
(Times before)
Love

But we're not in love
We're not in love, in love, love

Tell me
(I have bet you one)
Where are you?
(Hundred thousand)
That's where there's
(Times before)
Love

We're not in love
We're not in love, no
We're not in love
We're not in love

And I bet you, I bet you
I bet that you loved it
When he was sneaking in your bed
And I bet you, I bet you
I bet that you loved it
When he was kissing up your leg

You couldn't help me if you wanted to
Thought I wanted you but
I'm so alone
You couldn't help me if you wanted to
Though I wanted you but
I'm so alone

Take me back
