I'll qualify this circumstance  
Broadcast, renew this chance  
Pin hope on this promise

Graduate to a settled score  
Projects through mansion doors  
Stand up, dust yourself off

It's troubled now by swelling tide  
Bleached hope and sandstone lies  
You're dazed in the moment

This time I'll get it right  
You can't defend it  
It's predetermined

This time, this time I'll get it right  
You can't defend it  
It's predetermined

You know I'll sit at the bottom space  
Trace lines in the vacant face  
It's all about these changes

Small flat in a smaller town  
Steal hope to pass around  
You're caught in the memory

This time I'll get it right  
You can't defend it  
It's predetermined

This time, this time I'll get it right  
You can't defend it  
It's predetermined

I'll qualify this circumstance  
Broadcast, renew this chance  
Pin hope on this promise

Graduate to a settled score  
Projects through mansion doors

You're dazed in the moment

This time I'll get it right  
You can't defend it  
It's predetermined

This time, this time I'll get it right  
You can't defend it  
It's predetermined

These shores aren't out of reach  
These shores aren't out of reach  
These shores aren't out of reach  
These shores, these shores  
These shores, these shores
