I'm the son of the dark  
(Don't let me fade away)  
Bring the light  
With the last cut  
I don't want to die on your birthday  
I  
Don't want to die on your birthday

With a last smile  
Will my lies get out  
Although you have no will to..  
..Stay..  
I don't want to die on your birthday

Death is what is close  
I have no will to lose  
Without a clue from you  
Let your arrows down  
I'll get the last one  
In your arms  
Leave your mind  
For the last night  
Please...  
I don't want to die on your birthday
