Eric Ben?T

"Let's stay together"

I never felt the wind so cold
Until I had to walk alone(without
you girl)
I never knew what it was to be a man
Well let me show you baby
'Cause I understand

I never thought it'd hurt so bad
You never know 'til you lose what you
had
I don't need to waste my time runnin'
around all over town
Now I know where to find true lovin'

And I knew the first time that I ever
seen you

CHORUS
Let's stay together girl it would be
so nice
If we just hold on and stay together
Everything will be alright...(we'll
be alright)

Tell me why it feels so strong(tell me
babay, tell me baby)
the years roll by, but s'til this heart
you own
I never felt a love so completely
Don't you know we're riding on destiny

And I knew the first time I ever
seen you

CHORUS

Oooh girl you got me
'Cause when I wake up
You're the first thing on my mind

Tomorrow will be

So let's leave the past behind
just let me lead you
To our happy ever after

And girl when we arrive
Why don't we stay awhile

CHORUS OUT

So let's leave the past behind
just let me lead you
To our happy ever after

And girl when we arrive
Why don't we stay awhile

CHORUS OUT
