Don't fear your best friends  
Because a best friend  
Will never try to do you wrong

And don't fear your worst friends  
Because a worst friend's just a best friend  
That's done you wrong

And don't fear the night time, no  
Because the monster's know  
That you're divine

And don't fear the sunshine  
Because everything is better  
In the summer time, summer time

And it's never too late  
To start the day over  
It's never too late  
Pick up the phone  
Pick up the phone and call me

It's never too late  
To lay your head down on my shoulders  
It's never too late  
To come on home, come on home

Don't fear the water, no  
'Coz u can swim  
Inside you within your skin

And don't fear your father  
'Coz a father's just a boy  
Without a friend

And don't fear to walk slow  
Don't be a horse race  
Be a marathon

And don't fear the long road  
'Coz on a long road you got a long time  
To sing a simple song, sing along

And it's never too late  
To start the day over  
It's never too late  
Pick up the phone  
Pick up the phone and call me

It's never too late  
To lay your head down on my shoulders  
It's never too late  
To come on home, come on home

I say yo, I say yo yo yo  
I say yo, I say yo yo yo  
I say yo, I say yo yo yo  
I say yo, I say yo yo yo

Don't fear your teachers  
'Coz if you listen  
You can hear music in the school bell

And don't fear your preacher  
If you can't find heaven  
In a prison cell

And don't fear your own self  
Paying money  
To justify your worth

And don't fear your family  
Because you chose them a long time  
Before your birth, yes, you did

And it's never too late  
To start the day over  
It's never too late  
Pick up the phone  
Pick up the phone and call me

It's never too late  
To lay your head down on my shoulders  
It's never too late  
To come on home, come on home

I say it's never too late  
To start the day over  
It's never too late  
Pick up the phone  
Pick up the phone and call me

It's never too late

To lay your head down on my shoulders  
It's never too late  
To come on home, come on home

Go to your children  
Go to your children  
Go to your children

Let him know  
Let him know  
Let him know
