"Glass Slipper"

When it rains, it pours!
And it's storming, it's falling from the sky
And I'm bringing it home!
I'm performing just for you tonight
Now I'm cutting it close!
It's a warning, try and you just might
Deliver me to hope!
And restore me for the final time

That's what you tell yourself but it's far from true
No one asked for your help
Why does my life concern you?

When all you wanted was a little respect
We all want something that we'll never get
Then all you asked for was love in return
It's nothing that you've earned

You are not invited, you won't fit this shoe
You're no cinderella, and for your information baby girl
This is not for you!
