Burning flags falling from the stars
He's ready to see the sunrise no more
His eyes catch fire in this night
When all his dreams and hopes
Will die

The wind will fill this sails
Carry him to another place
Where all the screams
And all the plains will rest

The wind will fill this sails
Carry him to another place
Where all the pain will rest

Dust is drying (dust is drying) out this throat
His lungs can't take a breath
Marching a thousand miles
He can't win this war
He can't win this war

We can't win this fucking
WAR!

Good night darling
We will meet in heaven
Where all my hurt and my tears
Can take place (x2)

Cause burning flags falling from the stars
Kill!

The wind will fill
The wind will fill this sails
Carry him to another place
Where all the screams

The wind will fill this sails
Carry him to another place
Where all the pain will rest

The wind will fill this sails
Carry you to another place
Where all the screams will end

The wind will fill this sails
Carry you to another place
Where all the pain will rest
