This is the conquest of none christian land (christian land)
They're determined to form new christian souls (christian souls)
This is the prophecy, the infiltration of white men
Murderers in the name of god (Murderers in the name of god)

Brutal bloody priests forced with bible and cross
Want to conquer this rich man's land
But Atahualpa does defend (indeed he finds his end)
But Atahualpa does defend (indeed he finds his end)
Finds his end

I need to lead all these Inka soldiers
To defend our land and gold
The place of destiny's called cajamarca
But Atahualpa finds his end

They start a battle, spanish forces of the glory west
Bloody butchers killing helpless people
Burnin' down year thousands of work
By taking down the Inka King

Take him down
Take him down
Take him down...
