How many mistakes have I done
How many attempts to set the sun
A thousand promises broken
A hundred days not spoken
I'm crying out for a change now
Your name is carved into my heart
I will lift my voice and never, never leave you alone,
never leave you alone
I'll be there for you when you're drowning
I hold your hand when your craving
I'll be your light in your darkened world
And I'm crying out for a change now

Starry eyed you looked at me
As if your inviting me
To a trip to a beauty spot
I've never felt this way that I've done
You're keeping me smilin' (smiling)
You're keeping me shinin' (shining)

I'll be there for you when you're drowning
I hold your hand when your craving
I'll be the light in your darkened world
And I'm crying out for a change now

You used me
You abused me
In the end I know that I've been blind (that I've been
blind)
It never, was easy, to get you out of my mind (out of my
mind)
And almost everything I made
But for me it's not to late (it's not to late)
Cause I didn't loose my mind, didn't loose my face
