I'm about to open up this mic and fix it

Simplistic

Linguistic

Technician

Fusion

With fision in a vision

Like I'm in a television

Via satellite

You wanna battle, right?

Yeah, press the channel

Refer to your manual

You rhyme semi-annual

I make fresh rhymes... daily

Never did my school work

So they tried to fail me

Never told me nothing about Hailey

Selassie

Call me Special Ed

'Cause they don't see what I see

Ultra-

Violet

Flight pilot

Keep your wallet

Give me your dedication

Druggy with your medication

Have ya waitin'

Out in the rain

For a train and a bus

I was made from dust

Lazarus

Style: hazardous

Church Ave., straight from Erasmus

I'm deep like the sea floor

I'll make you see four

When there's one

You be stunned

Didn't see me come, but yeah, I'm right here

Up in your ear like q-tips or wax

Either which one, relax

And keep still

Peep skill
As I get deep like a drill
In a molar
I roll like a stroller
Sold a
Whole lotta records in my life
I hop flights to rock mics
While you frontin' for the cars
Or maybe for the chicks
I walk right through
And I'm steppin' on ya kicks
Right to the mic
Front and center
Don't nothin' enter
This area is restricted
Too much heat, you need liquid
Caution:
It's scorchin'
You don't wanna go there
I got it locked down... I did a show there

You don't wanna get me mad
I'll put you in a bag
And tie it
Like Wyatt
Earp
You'll get hurt
I'm much worse
I touch first
I don't scream and curse
I just breath deep
And I put you to sleep
Like hypnosis
Givin' you fatal doses
Rap ulcers
I rhyme aggressive
Get the message?
I bring forces
You can't stop
Like a pack of wild horses
Comin' back
To they extensions
I'm the kid everybody mentions
When you say: classic
When you say: lyric
Originality, performance and spirit
I don't wanna hear it
Bring it and I'll put it on you
And make you wear it
Where the stage?
Clear it

Anybody come near it
Let 'em come
And leave you shinin'
Red rum
And then some
