After all you said to me,
You'd think I'd find it so strange.
And after all is said and done, all re-appears through
the rage.

One bleeds you dry while the other one lives,
One takes it all while the other one gives,
I'd give it all just to know what that is,
We'd never know just how much we'd miss.

It's taken all this time to leave,
The disappointment restrained,
You reflect me so perfectly
And all I hate in you is me

One bleeds you dry while the other one lives,
One takes it all while the other one gives,
I'd give it all just to know what that is,
We'd never know just how much we'd miss.

I'm just the same freak as you
You and I just the same
I wanna be the same freak as you
So I can feed you my pain

If I was different would it bother you
Would I grate on your soul
Would it comfort you to be just like me
Would we ever be whole

One bleeds you dry while the other one lives,
One takes it all while the other one gives,
I'd give it all just to know what that is,
We'd never know just how much we'd miss.

I'm just the same freak as you
You and I just the same
I wanna be the same freak as you
So I can feed you my pain

I'm just the same freak as you

You and I just the same
I wanna be the same freak as you
So I can feed you my pain
