All alone and I don't care if I'm seen.
Surrounded by memories and stood inbetween.
Nobody help me till I understand,
I'm somebody else when you're not around.

I'm a lunatic and I've been set free.
The world will be safer if you aim it at me.
I'm a lunatic and I've been set free.
The world will be safer if you aim it at me.

I see the skies through a crack in the wall,
The horizon isn't coming coz I'm still in the hole.
My liberation, my little mind,
Soon I'll be stronger and the feelings I'll find.

I'm a lunatic and I've been set free.
The world will be safer if you aim it at me.
I'm a lunatic and I've been set free.
The world will be safer if you aim it at me.
At me, at me, at me, at me, yeah.
If you aim it at me.
At me, at me, at me, at me, yeah.
If you aim it at me.

Self isolation, happy inside,
My eyes are open, tears on the side.
You didn't lose me, you threw me away,
I found myself, and I'm here to say.

I'm a lunatic and I've been set free.
The world will be safer if you aim it at me.
I'm a lunatic and I've been set free.
The world will be safer if you aim it at me.
At me, at me, at me, at me, at me.
If you aim it at me.
At me, at me, at me, at me, at me.
If you aim it at me.

I'm a lunatic and I've been set free.
I'm a lunatic and I've been set free.
I'm a lunatic and I've been set free.

I'm a lunatic and I've been set free.
I'm a lunatic, I'm a lunatic.
I'm a lunatic, I'm a lunatic.
