To the great silent majority
After ten years underground I've risen
Like music terrorism
Journalists have mocked me
On the way up all failed to stop me
People of earth
Welcome to the noise of basement sound.
It's metal time fuckers

A lower messiah, higher than a liar
I aspire to inspire before I expire
My father taught me my mother fucking manners
I'm unique like everybody else

Blessed are the cracked that's where I'm at
I'm not pessimistic
Coz it wouldn't work anyway and I may
Let her rip with a Freudian slip

I've got my basement sound in the underground
I'm a death machine call me weak13
I'll never conform, truth set me free
Prouder than you and I'm proud as can be
I've my basement sound in the underground
I'm a death machine call me weak13
I'll never conform, truth set me free
Prouder than you and proud as can be

Make a wish because I'm a fucking star
Ugly on the inside, more than you are
I hold my head up high, despite all the lows
You strike me down and I'll strike a pose

Heard, critics, taken, blows
Spat in their face as they've broken my nose
I'm not a hero when you get bored
So fuck your opinion now it's ignored

You wanted to get me angry well here I am
You wanted to get me angry well here I am
You wanted to get me angry well here I am

You wanted to get me angry well here I am
Basement Sound
You wanted angry. Well here I am
You wanted to get me angry well here I am
You wanted to get me angry well here I am
You wanted to get me angry well here I am
You wanted to get me angry well here I am

I've never been this scared before
Relax to the max I think aloud my silence
I'm star-star-starting to crack and the na-na-noise I
hear
Keeps getting louder it'll be the death of me

I'm exhausted from not not not talking
Wer-when I do speak I ger-get nervous
My words start crumbling
Always a fool once a fool
Playing with 51 cards as a rule

Basement sound in the underground
I'm a death machine call me weak13
I'll never conform, truth set me free
Prouder than you and proud as can be
Basement sound in the underground
I'm a death machine call me weak13
I'll never conform, truth set me free
Prouder than you and proud as can be
