Rude boys outta jail (x4)

They mess around in every town

And now they've learned the rules

They used to be rough, they used to be tough

But now they're keepin' clean

They don't fight, .....

If you see them around, don't put them down

They're the coolest guys in town

Rude boys outta jail (x4)

They mess around in every town

And now they've learned the rules

They used to be rough, they used to be tough

But now they're keepin' their cool
