GREY OWL:

Wake up in the morning  
Wipe the sleep from my eye  
Look out my window every day's a surprise  
Turn on my TV set blah, blah, blah  
Just another sparkling day  
Let's make the world a better place

I know a bird talks to me all the time  
Recites those books to me backwards in rhyme

ROTTWEILER:

Tell me what it is you want

GREY OWL:

I think I know  
A life is a precious thing to waste  
Let's make the world a better place

I've got these hands  
You've got those feet  
Go on and live in a cocococoon  
One of these days we're gonna plant some seeds  
We're gonna spread our wings and fly real soon

Once upon a time in a faraway land  
I heard a story a little hard to understand  
Old lady by the well they by her side  
They want a warm embrace  
Let's make the world a better place

Big moon is shining billions of stars in the sky  
All around the world millions of people asking why  
As I lay my head down I dream a dream  
A dream that cannot be erased  
Let's make the world a better place

GREY OWL AND BACKGROUND SINGERS:

Let's make the world a better place  
Let's make the world a better place  
Let's make the world a better place

Let's make the world a better place  
Let's (let's) make the world a better place  
(Ooh yeah) We've got to make a better place  
Let's(oh let's) make the world a better place  
Let's make the world (oh yeah got to make a better  
place)  
Let's make (oh yeah) the world a better place  
Let's make the world a better place  
Let's make the world a better place  
Let's make the world  
Let's make the world a better place  
Let's make the world a better place  
Let's make the world (we'll make the world a better  
place)  
Let's make it  
Let's make it  
Let's make the world a better place  
Let's make the world a better place.
