When I look out my window  
And see the trees full of snow  
The stars are bright, the moon so clear  
This is my favorite time of year

There's a snowman on my front lawn  
With a carrot nose and hat on  
The neighbor has a cute reindeer  
This is my favorite time of year

It's a time to show that you care  
Exchanging gifts, it's a time to share  
My heart is full of joy and cheer  
This is my favorite time of year

There's no school so I can play  
No work for my parents today  
Friends and family are near  
This is my favorite time of year

The smell of good home cookin'  
Eating cookies when no one's lookin'!

All those songs I love to hear  
This is my favorite time of year

It's a time to show that you care  
Exchanging gifts, it's a time to share  
My heart is full of joy and cheer  
This is my favorite time of year

It's a time to show that you care  
Exchanging gifts, it's a time to share  
My heart is full of joy and cheer  
This is my favorite time of year
