Well, I'm leaving, baby
I'm gonna go away from here
You know I'm leaving, baby
I'm gonna go away from here
Ain't even gonna worry
Ain't even gonna shed a tear

Well, I went to see my, baby
Pulled the blind and closed the door
She said, "Now, goodbye Stevie
I don't need you no more"
She's gone, I mean it here today
Leavin's so much work 'cause I know I'm going away

Well, I'm leaving
I'm gonna go away from here
You know that I'm leaving, baby
Gonna go away from here
Look out, pretty baby
I ain't even gonna shed a tear

Baby, you're so good, you're so fine
Baby, baby, baby, baby
Look out, you're so good
Look out, baby
Gonna leave this town for good
