Well, I'm leaving, baby  
I'm gonna go away from here  
You know I'm leaving, baby  
I'm gonna go away from here  
Ain't even gonna worry  
Ain't even gonna shed a tear

Well, I went to see my, baby  
Pulled the blind and closed the door  
She said, "Now, goodbye Stevie  
I don't need you no more"  
She's gone, I mean it here today  
Leavin's so much work 'cause I know I'm going away

Well, I'm leaving  
I'm gonna go away from here  
You know that I'm leaving, baby  
Gonna go away from here  
Look out, pretty baby  
I ain't even gonna shed a tear

Baby, you're so good, you're so fine  
Baby, baby, baby, baby  
Look out, you're so good  
Look out, baby  
Gonna leave this town for good
