Suddenly you can live without me, your no longer  
calling me up.  
Hours pass by without you, I can't stop myself from  
throwing up.  
I've woken up worrying will you come back I can't sleep  
in past eight.  
Then when night comes round I'm desperate and wired  
and can't fall asleep till late.  
Chorus:  
My psychotic vengeance is on a killing spree.  
My neurotic tendence, is just about to set me free.  
I think of little excuses, of how I can get to you.  
I conjure up things that are abusive and how I'll be  
doing them to you

I want to call you up and cry to you and plead.  
I want to kick you down, kick you till you bleed.  
I will bash your face in, I will take you up the ass.  
I'm gonna fuck your world up and dwell in just the past.

Chorus:  
My psychotic vengeance is on a killing spree.  
My neurotic tendence, is just about to set me free.  
I think of little excuses, of how I can get to you.  
I conjure up things that are abusive and how I'll be  
doing them to you

I lost 15 lbs and dyed my hair black to be your perfect  
girlfriend.  
But you left me for a blonde with meat on her bones  
who makes mistakes now and then.  
I find it quaint how you channel energy, it seems as  
though you use it, on anything but me.  
Watch how interesting I will react.  
Don't question why, I swear I'm so over that.

My psychotic vengeance is on a killing spree.  
My neurotic tendence, is just about to set me free.  
Just cause we can't pull throught, God bless the rest.  
I hate my new tatoo
