"NO ESCAPE"

Visit "[NO ESCAPE](#)" on MotoLyrics.com

So many voices in my head.
There is no way to end this.
So full of sin but in a way,
I never knew about this.
There was no choice I had to make.
These dreams are never ending.
I see you run away from me.
You'll never know how I feel.
(Chorus)
I cry in vain,
To break down all illusions made by me.
There's no escape.
These walls were made by my hands.
So many voices in my head.
So full of sin but it's ok.
Keep running away from me.
Right before my eyes,
I can see; I won't be anymore.
(You will never know how I feel.)
(Chorus x4)
