My thoughts are dancing on a thread
A gallery of acts
Some things are easy to forget, but you are not

The roulette starts spinning
It's ever pending, what are you wishing for
Think about the ricochet before you pull the trigger

The consequence of what I've done
Is something I will take
My life is changing everyday
And it's my own to break

Your voice is dancing in my head
A gallery of words
You should be careful with what you say and do

The roulette starts spinning
It's ever pending
What are you waiting for
Think about the ricochet before you pull the trigger

The consequence of what you do
Is something you will take
Your life is changing everyday
With every move you make

The consequence of what I've done
Is something I will take
My life is changing everyday
And it's my own to break
The consequence of what you do
Is something you will take
Your life is changing everyday
With every move you make

My thoughts are dancing on a thread
Your voice will slowly fade away
My thoughts are dancing on a thread
