I am always beside you
Make our promises stay true
I would never betray you
Blackened skies wouldn't stay blue

We will be strong
We will never look back
I'll follow you down
Into the cold black
If I didn't know you
Then I wouldn't know why
Never say no, just shout it out loud!

Take my heart
Stay in my arms
We're falling down, yeah
Falling down, yeah
Let this burden turn to dust
We're falling down, yeah
Falling down, yeah

Lost in time, searching for the answer
We're falling down
Hear me out

I'm always here for you
There's nothing I won't do
If I didn't know you
Then I wouldn't know why
Never say no, just shout it out loud!

Take my heart
Stay in my arms
We're falling down, yeah
Falling down, yeah
Let this burden turn to dust
We're falling down, yeah
Falling down, yeah

Lost in time, searching for the answer
We're falling down

Hear me out

Take my heart
Stay in my arms
We're falling down, yeah
Falling down, yeah
Let this burden turn to dust
We're falling down, yeah
Falling down, yeah

Lost in time, searching for the answer
We're falling down
Hear me out
Lost in time, searching for the answer
We're falling down
Hear me out
