Oh dear what a shape I'm in (x8)

Did you ever see someone move so quick  
It ain't no con it ain't no trick  
My eyes grow large  
My lips I lick  
Saliva running down my chin  
I can't believe the shape I'm in

Oh dear what a shape I'm in (x4)

Did you ever see a smile so wide?  
When I found out what you held inside  
Something different every time  
I take until I'm satisfied  
But I'll never be satisfied

Oh dear what a shape I'm in (x8)

It's plain to see I can't disguise  
I can't say no's about the size of it, it's true  
Just to see you caving in  
That's enough to get me caving in with you

Oh dear what a shape I'm in (x8)

Oh dear what a shape I'm in  
Oh dear what a shape you're in  
Oh dear what a shape we're in
