Young wem
The unexpected
I'm just doing me... lets get em

[JC Â– Hook]

That's how it be now, I'm doin me now
Been in the streets never left, follow me now.
I got the girls, I got the cars, the flashy lights, you see
the stars
White party all black imma keep it G
New Louie, big stacks imma keep it me
Yeah [x2]

[Wem Â– Verse 1]

Motherfuckers I am living like a king
My eyes are wide-open cause I'm living out a dream
We getting paid now more than we ever was
VIP tables aint a special thing it is a must
The college life wasn't for me so I got out of there
Private flights, exotic places, didn't stop to care
About my GPA falling
Cause you don't give a damn about books when that
money keeps calling
Free falling on verse like tom petty
She gone off that white, cocaine not Betty
And we do rock steady, gotta keep putting work in
I look at you, you look at me I see your pockets hurting
It aint nothing to someone who keeps it real
Been like that since the sandbox, rarely seen like
sasquatch
Knizzy knows who the best is
The Unexpected like when T.I got arrested

And I meant the second time around bitch... looking like
a movie star over here... bitch... yeah

I'm with a girl and she says she got a husband
We sight seeing together and she telling me she loves
it
Isn't it funny and I know you wanna meet her
She be waiting all day for me, brand new sneakers
Maybe she loves me because I'm blowing up
I got that white on her mouth like she ate a powdered
donut
No more on occasion everyday we high
Now we stunting, push to start cars on the lot now
Everyone who said I would never reach the top
Are now on my dick cause I'm in their iPods
We drinking Jack and Cokes yeah we be celebrating
We gon keep partying all night our phones keep
vibrating
They know my name, my album hasn't dropped yet
Just living forgetful nights with people that I wont forget
Cheese like Wisconsin cheddar, more wins than Roger
Federer
And if that girl wants to have fun we Cyndi Lauper let
her
