Yeah

My voice kinda fucked up... I be light

Lets run through it, yeah

[HOOK]

I'm coming through so you gotta bump the speakers
loud

All up in your mouth cause I'm the dude that you all talk
about

On the road to fame but instead I took a different route
Popping bottles every night no more on occasion now
I'm coming through so you gotta bump the speakers
loud

All up in your mouth cause I'm the dude that you all talk
about

On the road to fame but instead I took a different route
Popping bottles every night no more on occasion now

[Wem - Verse 1]

Never home, but I won't forget it

I'm always working while you haters all resting

Never get involved with a girl that's gon be stressing

She seemed so different when I was undressing... her

Syrup got moving, feeling, talking slow

I be doing this for the people that be wanting more

They are breaking hearts if you aint with it then we
breaking yours

Did you know I'm in LA, New York, and the Jersey Shore

They asking what my chain worth but they can't see

No bills in their pockets no ideas what the cost be

Damn I'm going Gorillas

Everything is comped so they aint gotta bill us

Your girl wants to chill with us and you can't even
blame us

Cuz her bone the color red so she will be in some
danger

I can show her power like Kanyezy or a ranger

And your bitch do every trick cause I'm the one that

trained her.

[Wem - Verse 2]

While you went to parties thinking you the shit
I was laying in bed writing down some shit
Prioritizing time is getting more difficult
Label makes appointments and they just expecting me
to go
They don't understand that in classes I got hurdles
Education comes in first like a fucking turtle
It's Heartbreaker Records you can go and check the
domain
I be getting love from the hood just like I'm Hennessy
Pardon me if I hit you with a stereotype
But you stereotyping me with no skills cause I look
white
But I'm not white, passport says brazilian
And no matter what Wem is gunna make a million
If rap just goes down hill imma be investing
Cause it takes a lot of dough to have your lifestyle be
impressive
Shout out to girls that thought they were above me
Call me cupid I just let them love but you don't see me
loving
