Make up for the time you've wasted
Come slowly
And claim back the boy you left behind

[Verse 1]

Nothing was ever given to me so I had to get it
Less talking more brain because now I'm tryna get
some head bitch
Infestation flow, yeah you can feel the symptoms
If you don't see me with them daily I guess I aint
fucking with em
Shit I've been through, a whole fucking lot
So I got my shit together now my team is on top
Of the game, and your girl, man I am so high
30 thousand feet above you on a whole (a)nother flight
so

[Verse 2]

You should know that I'm great pause
Pull my dick out give her lockjaw
I'm who you saw or who you wanna see
And your girls you know they be flaunting me
Success is coming to me so I gotta gear up
My pockets getting fat they on Aguilera
White cup Gatorade mixed in with that syrup
Going h.a.m like I'm D Wade always keep the heat up
In the driver seat cause life happens so fast
Pedal to the metal I hope there is no crash
