These ears don't deserve the things  
You've been feeding them  
It's no wonder that you've never done a thing  
I wish you'd never talk at all

These walls are more than we ever will  
I could get used to this world  
Standing oh so still

So here's my best  
I'll stand my ground  
I'll never talk at all

Cause sometimes sometimes  
Hate can be so beautiful  
Hate can be so beautiful

Oh please, oh please just let me be  
Accused, accused of everything  
Oh please, oh please just let me bleed  
Abused, abused left with nothing

I can see through your hate  
Your words twist your face  
With you it's never easy

Oh please, oh please just let me be  
Accused, accused of everything

This skin ripped up again  
With lips chapped up  
From a long night's sake  
Don't mean anything  
I wish you'd never leave at all

Our sheets covered in sweat again  
I could get used to this heat  
Our hearts are beating  
Through our chests  
Unto your breath  
I wish you'd never stop at all

Cause sometimes sometimes  
Hate can be so beautiful  
Hate can be so beautiful

Oh please, oh please just let me be  
Accused, accused of everything  
Oh please, oh please just let me bleed  
Abused, abused left with nothing

I can see through your hate  
Your words twist your face  
With you it's never easy

Oh please, oh please just let me be  
Accused, accused of everything

Accused accused of everything  
Accused accused of everything

Spread until you break  
Spread until you break  
And put those filthy hands  
Back in those dirty pockets

Spread until you ache  
Spread until you ache  
And put those filthy hands  
Back in those dirty pockets

And wipe those lips baby  
And wipe those lips baby  
We know they've been everywhere  
Everywhere everywhere

Oh please, oh please just let me be  
Accused, accused of everything  
Oh please, oh please just let me bleed  
Abused, abused left with nothing

I can see through your hate  
Your words twist your face  
With you it's never easy

Oh please, oh please just let me be  
Accused, accused of everything
