Yeah, hey... Young Jerz... the kid Wem
The unexpected
Yeah

[Wem Â– Verse 1]

You already know, what I'm about
I be in your mouth because Wem be who you talking
about
Came from the south, but now I'm on top
Hard work pays off so hard work don't stop
They digging what I'm wearing cause my swagger's on
a zillian
Riding in that Lil Wayne cause it got no ceilings
Hurt feelings every time I step out
Them other dudes is garbage and it's time to take the
trash out
Leave your girl behind imma put a dent in her
Pockets full of presidents and even an inventor
That's Benjamin just know that I'm a gentleman
But I be in pussy cause I love the taste of feminine
You understanding man? Let me break it down
I'm the reason that your chick be missing when I'm in
your town
Money over bitches, now watch my cash grow
I can tell you how great I am but but...

[Young Jerz Â– HOOK]

You already know
Swagger through the roof, keep a bunch of dollars on
me (on me)
You already know
Just how I get down, if you don't then let me show you
homie (homie)
You already know
You can catch me with a diva, they aint gon never leave
me lonely (lonely)
You already know, yeah you already know, young you
already know (know)

[Young Jerz Â– Verse 2]

Yeah
It's your boy Young Jerz
You already know what's goin on over this side

Okay, pocket full of money, you should cuff your honey
Take her from your crib, bring her where it's sunny
So many girls around me it look like they tryna jump me
My mojo on a million, your boyfriend, he a flunky
I got my shades on, but this aint for 3D
Them divas wanna turn me on like a T.V
She in my crib touching my tattoos tryna read me
Super fly but you already know like a genie
They said they recognized me from the Internet
So I opened up my car and pile them in the back
Then I bring em to the crib my homie Wem live at
(what's good homie)
Then we drop them right back off where they
boyfriends live at
Fast life, fast car baby
Condo full of bad broads baby
After the club they ask me where I wanna go
I just tell her, shawty you already

[Young Jerz Â– HOOK]

You already know
Swagger through the roof, keep a bunch of dollars on

You already know
Just how I get down, if you don't then let me show you

[Wem]

You gotta tell your girl to stop texting me
She keeps blowing up my phone
I guess me and her got something in common
