The Drama

Like Rain Falling From the Sky
Fighting Till Today
Sadness Overcomes
What Reality Made Me Done
Waiting For The Time
To Cure My Emotions
The Tears Falling
From My Eyes

It's So Dramatic You Left Me
All Static Inside
Are You the Person Who Looks When Need Some
Are You the Type Or The Unwanted?
Maybe You Didn't Decide
Now You're Getting Some Kind Of Reaction

I'll Find A Way To Make You
Understand Once Things Are
Dead There Not Coming Back
To The Point
When Everything Is
Colorful Bright
There's No Blue And Red
After Life

And I'll Be Here
To See You Fall
And My Goodbye
It's At Your Door
