(intro)

Yeah nigga

Game from the mind of some real motherfuckin' thugs

(thugs)

Fetty chico up in this biaatch (biaatch)

Bloow !! (bloow)

(chorus) 2x

You wouldn't believe all the shit I see

(just a thug yes I'm only a thug)

That's why I spit this thug poetry

(walks like a thug talks like a thug)

Clown like a thug put it down like a thug

(spice 1)

Release me to the belly of the beast

The jungle made of concrete

Real niggas die in they sleep

The strong prey on the weak

We gets down from dusk til dawn

Like quentin tarantino shakin' niggas up

In the neck like (joe) pesci in "casino"

Fetty chico bailin' in buckets with bullet holes

Caught up in drug wars

Use current from cargos

Too much drama in my past time (past time)

I swore when I got outta jail it was my last time (last time)

Fuck one-time (hahahaha)

Pants saggin' twisted up with the braids

Leave the house 3 in the mornin 'fore the drug unit raid

Get out the cemetery visit my soldiers up in the grave

Tell 'em I miss the times when we used to get paid

Though I'm thugging without ya

Nigga I ain't forgot about ya

Daily weapin' on some mobstyle shit ? ?

And when survival is goin' around

Called the "thug disease"

Gettin' niggas like rats trapped in murder for cheese

It's thug poetry

(chorus) 2x

I'm just a thug (thug) yes I'm only a thug (thug)  
Walks like a thug (thug) talks like a thug (thug)  
You wouldn't believe all the drama I see  
That's why I spit the thug poetry (spit the thug poetry)

(saafir)

Ay, wassup  
This is saafir, mayn, check this out  
Imma tell you like this here, mayn  
These thug niggas, mayn  
Look, let me lace you with like thug poetry  
But now, I'm a rider though  
So imma keep it mackish just lead me to it  
Cause it's easy to do it but it gotta be fluent  
Ohh shit this is bangin  
Hangin' niggas with the microphone cord  
That's my job without a rope (no)  
Without a motherfuckin' joke (don't laugh)  
Nigga I'm clean as fuck without soap  
Keep my poetry like 'get out hoe' (get out hoe)  
Bustin' like a .44, mr. motherfuckin' no-no from that  
hobo  
Junction is the westbound campaign  
When I'm away from the camp, mayn  
Rollin' solo but stay loaded with slugs  
Cause ain't no love hoe don't wear no diamond-  
studded glove  
That superstar shit we'll get your ass put underground  
Super-far trick (quick)  
Like you fake ass niggas on some superhard shit  
But never murdered  
I'm a player that get braided up from the pussy  
And never squirted (never)  
That's game I hope you heard it  
Cause I'm on a mad point nigga  
Spice \*weezy\* serve it with some thug poetry

(chorus) 2x

I'm just a thug (thug) yes I'm only a thug (thug)  
Walks like a thug (thug) talks like a thug (thug)  
You wouldn't believe all the drama I see  
That's why I spit the thug poetry (spit the thug poetry)

(spice 1)

I smash on niggas pullin' triggers  
We leave 'em stressed  
Never leavin' home without the medal plate in my vest  
This is westside livin' (livin')  
Hangin' out with the unforgiven  
Different murders under they belt but ain't nobody here

trippin'  
We're all felons in this motherfucker  
Dodgin' 3 strikes (strikes)  
Niggas smokin' on that chronic weed leaf northern  
lights  
Reminisce of the dead (dead)  
Pourin' out a little liquor (liquor)  
Got me drunk and passed out  
With my fingers still on the trigger (trigger)  
Havin' nightmares of killers tryin' to take off my dome  
(dome)  
Wake up shookin' at bad dreams, is my sanity gone  
(gone)  
I'm looking for a piece of my mind there was torn  
When my homie stopped breathin' and died up in my  
arms  
Thug poetry

(chorus)  
I'm a thug yes I'm only a thug  
Walks like a thug talks like a thug  
I'm just a thug yes I'm only a thug  
Bust like a thug cuss like a thug  
Just a thug yes I'm only a thug  
Smoke like a thug chokes like a thug  
I'm just a thug yes I'm only a thug
