It don't take that long lyrics

I've been told a time or two
Don't you know you gotta be strong
She did you wrong she did you right sometimes
And before you know it she'll be gone
Can I find a woman that's right on time
Would I ever fall in love could she be all mine

(Chorus)

When they say that love it don't come easy
When you fall to quick it must be wrong
But I've got a feeling I believe in
That loving you baby don't take that long

Now I was fallen fast like a down photograph
Not knowing where I'll land
Feet off the ground there was no slowing down
Til I fell into your hands
My heart beats faster looking at you
And ain't no getting past her what can I do

(Chorus)

When they say that love it don't come easy
When you fall to quick it must be wrong
But I've got a feeling I believe in
That loving you baby don't take that long

How long must I wait
Now I can't bear another heartache
Please tell me it ain't true

(Chorus)

When they say that love it don't come easy
When you fall to quick it must be wrong
But I've got a feeling I believe in
That loving you baby don't take that long

That loving you baby don't take that long

That loving you baby don't take that take that long
