Here's my philosophy  
Livin in a penitentiary  
Brothers all on the corner  
Tryin to make believe  
Turn around aint got no pot to pee make me  
Mad when I see ya sad  
Can't stand to see ya hussle doin bad  
But you can't win when your will is weak  
When you're knocked on the ground

Evil  
Don't you test me  
Evil  
You won't win

Oh why  
World  
Why world  
Do want me to be so mad yeah  
So mad yeah  
Oh Why World  
Why world  
Do you want me to be so mad yeah  
So mad yeah

I'm tellin' you the truth I hope I'm not being too cruel  
Since you ain't playing by the rules  
We're bout to kick you off your stool

Evil  
Don't you test me  
Evil  
You won't win

Oh why  
Why  
Why world  
Do you want me to be so mad yeah  
So mad yeah  
Why in the world World  
Why world

Do you want me be so mad yeah  
Say why

I am a warrior princess  
I have come from the other sun  
Gather all of your members  
Unite them as one  
Move together in harmony  
Build a bridge  
Now destroy a bridge  
Eliminate your weakness  
Conquer evil, the demon  
And live Forever Together

Why can't we get along and  
Take all the funky tones  
And make up a funky song  
That be bangin on and on  
Make me  
Mad when I see ya sad  
With the same look ya momma had  
But ya can't win when your will is weak  
But ya get out ya seat

Oh why  
Why  
Why world Do you want me to be so mad  
So mad yeah  
Why in the world  
World  
Why world do you want me to be so mad yeah  
So mad yeah
